

Asda Visit Group Interview

We would like to thank Lynn and Maureen for demonstrating a mock group interview scenario, the stages involved in their interview procedures.

We found the ice-breaker a fun activity, and found the individual questions very interesting.

We were made welcome by all the staff during our morning visit and it will certainly help the 9 people involved to reflect at their next interviews and support future training on group interviews.

Once again thank you for your valuable time and support of our Employment Support Group.
